FOR IMMEDIATE RELEASE

MAINTENANCE BRIDGEWORK WILL CLOSE LANES ON STATE ROUTE 91 AND INTERSTATE 215

Riverside – The California Department of Transportation (Caltrans) will close lanes on State Route 91 and Interstate 215 to replace failing concrete on the bridge decks. The closures will take place Sunday through Tuesday evening, September 26-28, 2004 from 9:00 p.m. to 5:00 a.m.

Lane Closure Limits:

Two lanes will be closed on southbound I-215 and continue to westbound SR-91 from Columbia Avenue to Mission Inn Avenue.

- ❖ Note that ongoing construction work on the 60/91/215 Interchange improvement project continues. Lanes will be closed in the opposite direction at this location to accommodate paving and drainage work activities.

Your patience is appreciated during this maintenance work and Caltrans reminds you to be alert, pay attention, and prepare for reduced lanes.

Always **SLOW FOR THE CONE ZONE!**
